FAQs

- You must attend all lessons on your normal timetable after your exams.
- If you have finished a subject (i.e. taken your last exam in it) you need to still attend those lessons.
- Make sure you bring revision with you for your other subjects as your teacher will be supporting you to revise!
- On occasions teachers from other subjects might request you attend their subject in place of the normal lesson shown on your timetable. If this is the case you will need to:
 - ☐ Register in your normal lesson shown on your timetable
 - ☐ Check with your teacher that you are allowed to go to a different subject for that period
 - ☐ If agreed you then go to the department that has requested you
 - ☐ You **must** then remain in department until the end of the period, do not return back to your normal lesson.
