Parents' Bulletin

Dear Parents

Random Acts of Kindness – RAK

We had a working party of pastoral leaders and colleagues thinking of ways to recognise and encourage the positive behaviours that our students so regularly show.

All staff have been issued with slips to give to students when they see them being kind to each other, picking up litter, opening doors, in general acting thoughtfully. Students then take this named slip to the House Centre and get entered into a raffle for a number of prizes at the end of term. This initiative will run for a period of time and we will revisit it in future. So far the response has been excellent – some students have even set up elaborate “falling over and helping up” routines, which adds to the humour but doesn’t get a slip.

GCSE Examinations

These continue until Wednesday 21st June so there is one more week to go. The response from students has been excellent. Only on Tuesday morning around 100 students turned up for the Maths exam breakfast to “wake up their Maths brain” before the final Maths exam. Our students have worked hard for their exams and our Maths colleagues too, to provide the support that will guarantee their success. There has been one disappointment – a student who had their mobile phone on them in the exam. We have no suspicion of cheating at all but the exam board rules are very clear – students who have a mobile phone on them in an exam are most likely to be awarded zero points for that particular exam. We remind students all the time about this – please reinforce this message at home.

Sports Day and Prom

On Friday 23rd June, our sports day track events take place. Parents are very welcome to attend and we have already sent a timetable so that parents can time their arrival appropriately (please bear in mind these times are approximate). We do ask that parents sit in the space provided and do not try and join their child(ren) or encourage their child(ren) to join them – there are safeguarding issues that could arise under such circumstances and we have to guard against these.

In the evening, at 7.00pm, our prom starts. This is always well attended by parents, students and ex-students and the local community. They come for the spectacular and amazing cars and other transport vehicles borrowed/hired/otherwise inveigled and the sight of all of our students in their finery and this is an impressive sight. We look forward to both events and to seeing you there.

SUMMER READING CHALLENGE – VOLUNTEERS NEEDED

The theme for this year's summer Reading Challenge is Animal Agents. The challenge runs over the summer from 15th July to 16th September and is aimed at children aged 4 to 11 years.

Yateley Library is looking for volunteers to help with the Summer Reading Challenge. Volunteers need to be a minimum of 14 years old. Duties will include signing up children for the challenge, talking to them about the books they have read, giving out stickers and awarding certificates.

This is a great opportunity for students to boost their CV or university application, and can be used towards the volunteering component for Duke of Edinburgh students. The library is also looking for parents or grandparents to volunteer their time too. You decide on how many hours of volunteering you can commit to.

Please pop in or email the library on yateley.library@hants.gov.uk if you would like to help.

Mathematics Gifted and Talented

UK Maths Challenge

During last half term students from Years 9, 10 and 11 took part in the Intermediate Maths Challenge run by the UK Mathematics Trust.

Oliver Ross, Josh Potter and Max Campbell all got through to the Intermediate (Pink) Kangaroo which is run by the Kangourou Sans Frontières (KSF). They organise the annual Kangaroo contest which aims to promote Mathematics among young people around the world. The name recognises the fact that the organisation was inspired by the Australian Mathematics Trust. They all did very well to get through to this competition.

Both Oliver and Josh achieved a Certificate of Merit, which was given to the top 25% of all participating students around the world. This is a fantastic achievement, well done. All of the students were also presented with a Heads Commendation to recognise this achievement.
