The Big Questions...

Year 12	Year 13
<ul style="list-style-type: none"> - Unit 353: Music Event Management; how can we capture, edit, process and mix an audio recording. - Unit 349: Planning for a Career in Music; to explore the history and development of recording and production technology as well as contemporary recording and production techniques. - Unit 325: Development of Music Technology; how might we craft high quality musical compositions using technology 	<ul style="list-style-type: none"> - Unit 372: Studio Audio Mastering; How might technology be used to create and develop your own music. You will understand some of the background principals of how a DAW works, along with the associated specialist and technical terms. - Unit 3: Live Sound Recording and Sound; how to overcome a difficulty in the recording phase. - Unit 320: Music Dissertation

What skills will I develop?

- You can progress to a number of careers or higher education from this course. Many of our students go on to university to study music and music technology, creative, media and performing arts courses with great success. Other careers open to you would be roles that required outgoing, confident people who communicate to a high standard. There are many past students who have become professional musicians or work and perform with bands, or are music teachers, entertainers, promoters, and live sound engineers.

What great resources can I use?

- <https://musictechstudent.co.uk/music-technology-exam-revision/> This is great site to help you with your review your learning.

How will I be assessed?

Six internally assessed units over two years with internal and external verification for each unit. There is no option to achieve a grade after one year.

Three ways that parents/carers can help...

1. Ask your son/daughter to explain what they are learning – this really helps with their recall of information and it strengthens the knowledge within their long term memory.
2. By engaging in conversations with your child to connect them with their learning and, by extension, to the world around them. Find out about the music your son/daughter is creating
3. By contacting the Psychology department whenever you need additional support or have questions about the course psychology @yateley.hants.sch.uk.
