## Yateley School 2022 GCSE results

Endeavour and determination has paid off for Yateley School students who are celebrating excellent GCSE results. Despite unprecedented disruption over the last two years and enormous anxiety, through sheer hard work, tenacity and admirable ambition, our Year 11 students have been rewarded with results that reflect their hard work and commitment throughout their courses. Importantly, these are door opening qualifications that pave the way for success and opportunity in the future, be that in the Sixth Form or elsewhere. We wish all our students well and congratulate them on their achievement. With strong results across the cohort, top scoring student Garreth Harvey achieved eight grade 9s. He is joined by Lisa Duke, Kushal Vadicharla, Finley Parkes and Edward Cole, who share 23 grade nine and 20 grade eight results between them!

At subject level, there was excellent performance from Biology, Chemistry, Physics, Computer Science, Dance, Drama, French, Food Technology, Music, PE, Religious Studies and 3D Product Design, all of whom had a GCSE pass rate of at least 90% at Grade 4 or above.

Headteacher, Paul German paid tribute to the exceptional hard work, talent and dedication of staff, students and parents. “Today is all about the students and I am delighted and very proud of our young people and want to pay tribute to the whole team here at Yateley School”. “All students are more than their grades; nevertheless, these results are one important measure of our extraordinary students’ tenacity and adaptability and demonstrate that they have achieved very well and retained their good humour in difficult times”. He went on to say that “the return to public examinations has been welcome, but then subject to unhelpful recent speculation about results. We couldn’t be prouder of the exceptional, inspiring and talented young people who make up the Yateley School student body. For the young people these super results are the foundation for excellent opportunities ahead in our Sixth Form and beyond. We are extremely proud of their achievements, made all the more impressive in difficult circumstances. We continue to build on our successes and look to ensure that children of all backgrounds and abilities thrive at Yateley School.”
