YATELEY SCHOOL

Starting Year 7 (in September 2026)

From September 2026, students joining Yateley School in Year 7 will begin their journey with the new timetable structure of 60-minute lesson.

Students in Year 7 study a broad and balanced curriculum, designed to give them strong foundations across a wide range of subjects while helping them discover their interests, strengths and talents.

During their first two years at Yateley, all Year 7 and Year 8 students will study a variety of subjects including:

- English
- Maths
- Science
- Core PE
- PSHE
- Design Technology
- Food Technology
- Geography
- History
- Art
- Computer Science
- Music
- Drama
- Dance
- Religious Studies

The new timetable will introduce 60-minute lessons, organised across five periods each day. This structure allows students to see their teachers and subjects at least once every week, which helps maintain strong continuity in learning and supports students in building their knowledge more confidently.

Year 7 is an important time for students to settle into secondary school, develop good study habits and begin exploring the subjects they enjoy most. The broad curriculum in Years 7 and 8 prepares students for the next stage of their learning, including the opportunity to choose Deeper Study subjects in Year 8, which they will study in greater depth during Year 9.

We look forward to welcoming students as they begin their learning journey at Yateley and supporting them as they develop ambition, curiosity and tenacity to succeed!
